DR. WOODS. Specialist in the Cure of Rupture and Chronic Diseases, Office at Hotel Albe-marie, Penn Avenue and Sixth Street, Pittsburg, THE BROADWAY KERSEY, \$2 90, \$3 40 and \$4 00.

marie, Penn Avenue and Sixth Street, Pittsburg.

Thousands suffer for a long series of years and linger out a useless life, who, with proper treatment, might be restored to health and contribute to the health and happiness of others. In many cases the fault is not theirs, for they try various doctors and quack nostrums for relief; but skill is not readily found. The general practitioner has but little time or opportunity for the observation or a large class of chronic complaints. No man can become expert in every branch of the healing art; hence specialists are demanded for the highest good of humanity. Dr. Woods long and patient study, his knowledge of Allopathic, Homospathic and Botanic or Eclectic systems of medicine, together with his discoveries and new application of old remedies, have given him unparalleled success in that class of discusses which have until lately buffled the skill of eminent physicians, and secured for himself an enviable reputation. Dr. Woods has given the public evidence sufficient to convince the most skeptical that his methods are singularly successful, especially in such cases as have defied the skill of other and justly celebrated physicians.

It is always the truest economy for invalids If, as is generally conceded, a Silk Hat has become indispensable to a gentleman's attire during the fall and winter, the Kersey has equal if not stronger claims for Summer wear. Our "Cassimerea," as they are hereabouts called, are made up with a view to extreme comfort, being exceedingly light, thoroughly ventilated and will prove cooler to the head than the average Straw Hat.

For the comfort of our thousands of friends and customers, we have put in one of the celebrated "Granger Hat Ventilating" machines, with which we will punch the invisible pinholes in every Hat. Anyone wishing their old CHARGE.

The Hatter and Furnisher, successful, especially in such cases as have defied the skill of other and justly celebrated physicians.

It is always the truest sconomy for invalids to secure the best medical aid, and not apply to a physician with a feeling that they would pay liberally if they were only cured. The way to obtain health is to apply to a physician who is skilled in the treatment of the diseases from which they suffer, and secure his services and a course of medicines. The best evidence that can be turnished of his claims to confidence is indisputable evidence of success. If he had the ability to effect cures instantly it could not be accomplished by meditation; it requires an effort on the part of the patient, who should have hope, confidence and a desire to be cured if possible. This can only be done by placing one's self under treatment without hesitation about a few dollars, as though health were subordinate to all other things.

One of the fundamental principles which guide Dr. Woods in his treatment of patients is to do justice to all classes, so that mechanics and laboring men receive the same treatment at his hands as merchants and bankers. His successful methods are therefore extended to all alike, who apply to him for aid, and his charges are made so reasonable in all cases that they come within the reach of all who seek the benefit of his services. No one who suffers need hesitate for one moment before applying to him and being placed on the road to recovery.

### Much to be Appreciated Bargains All This Week

We'll offer for sale one case double width dress goods at 10c a yard. They're worth a good deal more money.

A clearing lot of extra wide, all wool, ailk stripe dress goods will be distributed at 80c a yard. Good value at 60c.

Thousands of pieces beautifully fine stylish challis from 5c to 50c a yard, worth from 10c to 65c. A most elegant range of 42-inch all wool Henrietta cloths in every shade, to be put out at 50c instead of 65c a yard.

Then we've got an exceeding pretty lot of check summer silks, which we propose selling at 37½c a yard. Not one of these sold for less than 50c. Many of them were 75c a yard last week.

VERY SPECIAL.—We haven't time to enumerate, but have thousands of pieces wash dress goods, in all the new stylish designs, at prices that'll both please and astonish even the veteran bargain hunter.

In perfection of abundance we've got fans, parasols, ladies', gent's and children's summer underwear, gloves, hosiery, corsets, embroideries, etc., etc. All at our well-known money-saving, trade-enlarging prices.

to him and being placed on the road to recovery.

Another inducement for calling on Dr.
Woods 18, he makes no extra charge for medicines. He compounds his own prescriptions
for his patients and furnishes all necessary instruments and appliances. This arrangement
saves much trouble, avoids mistakes, is guarantee that all the medicines are genuine as
well as effects a saving of money to the afflicted
who are treated by him. When possible the
doctor prefers to see his patients: but when
this is impossible his successful system of treatment by correspondence enables the afflicted
in all parts of the world to avail themselves of
the benefit of his skill at a very small cost.
Send four cents in stamps for question list. All
communications sacredly confidential. No
charge for advice. Examinations are also free
to those who desire treatment.

THE HOME MISSION

Charity's Best Starting Point Considered by the Presbytery.

A LARGE SUM OF MONEY NEEDED To Carry Out the Extensive Plans Proposed

by the Committee,

THE WEST AND NORTHWEST GROWING.

'And Work Very Recessary Among Whites and Negroes

in the South. Home missions was the chief topic of dis

cussion by the Presbytery at New York yesterday. A new board was selected after a lengthy debate had taken place.

NEW YORK, May 21.-The Presbyterian General Assembly continued its session to-day. The general order of the day, the consideration of the fourth resolution offered by the special committee of the Board of Freedmen, was taken up. It was this report that caused a controversy on Friday between Rev. Drs. Dickey and Hamlin. Yesterday an attempt to effect a compromise between the two factions was begun. Rev. Dr. Crosby this morning moved to strike out a portion of the resolution which he considered would arrange matters to the satisfaction of all. The portion to be stricken out was that relating to the confidence the Assembly placed in the ability of the Board of Freedmen. This was the objectionable por-

Rev. Dr. Ketchum offered a substitute for Dr. Crosby's motion, but the hour hav-ing arrived for the home mission report the bate was brought to an end.

MONEY NEEDED FOR MISSIONS. Rev. Dr. Nichols, Chairman of the Com-mittee on Home Missions, then read his re-port. The report recommended that for the ensuing year the sum of \$875,000 be authorised for the use of home missions. This large amount is considered necessary because of the rapid rate at which the ern and Northwestern portions of the country are being settled, and for work among the white and black population of the South. The Woman's Home Mission Society, unaided and alone, raised the sum of \$361,000 during the year. The report of the committee on the whole was a highly satisfactory one and was heartily applauded.

Mr. Thomas Kane, of Chicago, gave the Mr. Thomas Kane, of Chicago, gave the sembly a few hints in relation to obtaining donations for the home mission. His

advice was to write profuse letters of thanks to all who gave. Then the debate on the report of the Board of Home Missions was resumed, and participated in by Mr. Robert T. Simms, Rev. John Manaud, M. D.; Rev. Edgar L. Williams, of Illinois, and Rev. Dr. Robert N. Adams, of Minnesots, who spoke of the bad condition of affairs in the Black Hills. Then the debate was closed, and the resolutions, as recommended by the committee, were adopted. OPPOSED TO GERMAN.

When the afternoon session opened the Rev. Dr. T. S. Hamlin, of Washington, President Harrison's pastor, spoke and disapproved of using the foreign languages in church work as much as possible, and thought that the use of German should not be continued beyond the first generation.

Rev. Dr. Ambrose C. Smith, of Illinois

wanted to know just how many first genera-tions there were. "You have first genera-tions of Germans and other nationalities coming here to-day, and this will probably continue for years to come. We want to evangelize and Americanize Europeans ar-riving in this country. The only means we have to do this are the schools sustained by this Assembly. Who can preach to their countrymen in the German tongue?"

Dr. Smith thought that if the German Theological School at Dubuque, of which he is President, got an endowment of \$100,000, it could fuifill its mission of eduing and evangelizing the Germanion of the Northwest for all time. A HARD-WORKING SET.

Some speakers referred to the effective work being done by the synod of Minne-sota among the Scandinavians and Bohe-mians. They had established an organization among the latter and were doi best to attend to the wants of the Scandinavian population.
It was agreed to add another secretary to

the force of the Board of Home Missions and it was decided he must be able to preach in German. The report of the standing committee of the Board of Aid for Colcuit Court, yesterday filed an opinion refusing to open the judgment in the case of the Sprague Electric Railway and Motor Company against the Carbondale and German Electric Railway ing committee of the Board of Aid for Colleges was presented by Rev. Dr. Thomas S. Hastings. One-third of the Presbyterian churches had made donations. Dr. Hastings said the Board of Aid would require \$100,000 or \$200,000. The report recommended that the Bible be adopted as the only text book in any school endowed by the Board of Aid; that special attention be paid to the establishment of a Presbyterian paid to the establishment of a Presbyterian academy midway between the common school and the college.

A BRAND NEW BOARD,

The following were re-elected members of the board: Rev. Dr. H. Johnson, Rev. Dr. S. J. McPherson, Rev. Dr. John W. Dinsmore, Rev. Dr. J. L. Withrow, Charles M. Charmley, Homer N. Hibbard, Robert H. McClellan and W. H. Swift.

The report and recommendations were unanimously adopted. Clause 4 of the recommendations of the Committee on Missions Among Freedmen, recommending the fidelity of the committee, their continuance in office and their management of the board, then came up for discussion. The Presbytery of Washington, through Rev. Dr. Hamlin, opposed the passage of this clause on Friday last on charges which were not made public, and the action on the matter was put off till to-day, and again

till to-morrow.

The Woman's Executive Committee of the Presbyterian Missions to-day elected Mrs. D. R. James President, and a long list of Vice Presidents.

### LATE NEWS IN BRIEF.

-Robert Kohn, aged 5 years, was burned fatally yesterday at Manchester, Md. The child, in the absence of its mother, lighted a

lamp and set fire to its clothing.

The Agawam Woolen Co.'s mills, situated in Agawam, Masa., were entirely destroyed by fire between 3 and 4 o'clock yesterday morning. Loss \$40,000, with insurance of \$20,000.

Captain J. E. Coulter, Deputy Mine Inspector of Montana, and ex-City Marshal of Butte, was killed by being run over by a Montana Central train last night. He leaves a wife and seven children, and was widely known.

A disease, supposed to be hydrophobia, is epidemic in Trimble, Wis. School has been closed in one district and the children are strictly forbidden to leave home. Men have been engaged to kill all the stray dogs in town.

### CURED OF CATARRH.

MR. GEORGE LAMBERT, who lives on Jones avenue, this city, near Twenty-seventh street, has been curêd of a very had case of catarrh by the physicians of the Pelynathic Medical Institute, No. 420 Penn avenue. When he applied for treatment he complained of much soreness in his lungs, shortness of breath, a choked up feeling in his throat, with much dryness; the catarrhal secretion that he raised from his throat and lungs was very tough and tenscious; his eyes were weak and troubled him very much about reading or seeing objects distinctly. The disease also extended to his stomach he had much beliching of gas, and was so bloated that his heart would frequently palpitate, and gave him so much pain that he thought he had heart disease. After becoming cured, as above stated, he says:

"I am very giad to give my testimonial, and shall always speak in praise of the doctors to my many friends for curing me of this dreadful disease, and I cheerfully recommend all others suffering from chronic diseases to call on these specialists, who will frankly tell you what they can do for you.

"GEORGE LAMBERT."

The diseases treated successfully at the DOLYPACHICA MEDICAL AND SURGICAL. MR. GEORGE LAMBERT, who lives on Bank; Edmundson vs Flannigan; Ingram vs Moses et al; Heath vs Thomas et ux; Sprague vs Fittsburg Traction Company; Sleeth vs same; Evans vs Toerge et al; Patton vs Baltimore and Ohlo Railway Company; Jeffries vs Waiker Brewing Company.

Criminal Court—Commonwealth vs John Carter, James Liney, Wm. Mahneke, Philip Franz, Peter Gaeber et al, James Rodgera, Arthur Gatto, Maurice Wallace, Thomas Connors, Mary Schnider, Peter Schon.

The diseases treated successfully at the POLYPATHIC MEDICAL AND SURGICAL INSTITUTE, 420 Penn avenue, are catarrh, diseases of the stomach and all forms of skin and blood diseases, and they especially invite those whose diseases have failed to improve under the general practitioner's treatment to call and examine their system of treatment and cure, which have been the result of years of careful study and investigation. Office have 10 to 1120 AM 12 to 4 and 6 to 8 P. W. of careful study and investigation. Office hours, 10 to 11:30 A. M., 1 to 4 and 6 to 8 P. M. Sundays, 1 to 4 P. M. Consultation free. my18-D

Mrs. Dr. Crossley, one of the Consulting Physi-cians at the Catarrh and Dyspepsia Institute, 322 Penn Avenue.

Wilson Wall yesterday filed an appeal in the Quarter Sessions Court from the decision of 'Square Graham, of Elizabeth. Wall was fined \$10 and costs on a charge of cruelty to animals, which fine he claims was unjust. Judge Magee fixed Saturday for a hearing. To cure Mrs. Thomas Hatton, and she suffered on for 13 years. The aches and pains which she experienced in almost every part of her body was simply terrible. Those sharp, cutting pains across the small of her back and lower part of her body was almost unbearable. In fact she suffered with all those diseases and conditions peculiar to women. For three months her mind was unbalanced, and for months she was confined to her bed. She became very weak and emaciated, so that she only weighed 98 pounds. No one expected her to live, much less get entirely cured. After receiving three months' treatment with the physicians of the Catarrh and Dyspepsia Institute, 823 Penn avenue, who make a specialty of her disease, she says:

"I never want any one to suffer as I have for the past 13 years. The condition of my case was much worse than has been described, and I am only too giad to testify to my complete cure by the doctors of the Catarrh and Dyspepsia Institute.

"MRS. THOMAS HATTON, Putnam, Pa." 15 DOCTORS FAILED

"MRS. THOMAS HATTON, Putnam, Pa."

"MRS.THOMAS HATTON, Putnam, Pa."

Please remember that the physicians of the Catarrh and Dyspepsia Institute never display their patient's portraits in the papers. Neither do they publish any testimonial, except with the full consent or wish of the patient. Furthermore, their testimonials are not from some far off place where no such parties reside, but from your own county and your own city, with the full name and address given, thus proving their genuineness. The Catrrh and Dyspepsia Institute is thoroughly established in Pittaburg, and thousands of patients gladly testify to cures they have received. The treatment used does not consist of the so-called magnetic, or superhuman agencies, but medicines made from roots and herbs, and compounded to suit the requirements of each individual case, thus removing not only the disease, but the cause of the disease as well. Ninety-five out of every hundred of the patients treated at this Institute are those suffering from Catarrh, which is the certain forerunner of consumption. The testimonials pub-

runner of consumption. The testimonials published speak for themselves. They treat successfully Catarrh, Rheumatism, Dyspepsia, Bronchitis, Asthma, Blood, Kidney and Female Diseases.
